

MEPNN Supplier Scouting Opportunity Synopsis

Item Information	
Scouting Number	2023-071
Item to be Scouted	Zinc coating of machined brass with red coloring (Red must be permanent Do not use Red ink)
Days to be scouted	60
Description	Arkansas manufacturer of machined brass parts desire clear zinc coating with red coloring (Red must be permanent. Do not use Red ink). Brass parts to be processes are 3/8" diameter by 1" in length including threads. Parts go into water heater assemblies. No specifics on the red color are available, though in the past, variations in the red tint have been acceptable. It is believed the coloring is for part identification / differentiation.
State item to be used in	Arkansas
