

Workshop Dates/Locations:

9/14 - [Fargo](#) • 9/15 - [Grand Forks](#) • 9/15 - [Virtual](#) • 9/16 - [Minot](#) • 9/17 - [Bismarck](#)

All workshops will be from 8:30 a.m. - 4:00 p.m.(CT)
These workshops are FREE and lunch will be provided.

These workshops will provide you with the road map and tools to implement industry standards best practices utilized or required by many private, public or government organizations in order to do business with them. You will learn valuable information to identify and reduce your risks yourself; no matter the size of your organization. Most of the actions are no-cost solutions, which are simple/easy to implement immediately.

Workshop registrations fees are covered by a UND Center for Innovation OLDDC-OEA grant.

Lean Enterprise High Performance Manufacturing Training - Virtual or Online

Date to be determined based on interest

Impact Dakota is in the process of recruiting and firming up dates for the Lean Enterprise High Performance Manufacturing (LEHPM) training.

The Impact Dakota LEHPM training helps businesses achieve higher profitability by building internal capability and capacity to improve QUALITY, COST, and DELIVERY. This training is based on the Lean Enterprise Certification (LECP) body of knowledge and uses standards developed and judged by the Society of Manufacturing Engineers (SME) in partnership with Association for Manufacturing Excellence (AME) and the Shingo Institute.

The [Flyer](#) provides additional information about the LEHPM training program. The [Commitment Form](#) provides additional information about pricing, registration, training schedule and topics.

For questions, please contact the training instructor Reza Maleki at rezam@impactdakota.com or 701-367-8664.

A Strategic View of Supply Chain Management

Supply chains are being viewed much more strategically than in the past. This approach focuses on the entire supply chain and is intended to improve the supply chain's speed of delivery, improve collaboration, manage risk and decrease overall total cost.

Supply Chain Scouting System

Impact Dakota is partnering with NIST Manufacturing Extension Partnership (NIST MEP) and our nationwide network of 50 other MEP Centers across the U.S. and Puerto Rico to help solve supply chain gaps encountered by manufacturers, government entities, and critical service providers.

Do you have a gap? Are you able to fill a gap?

Please click on the button below to learn more about the system, or [CLICK HERE TO VIEW THE CURRENT LIST OF NEEDS!](#)
